

## Avido 8000mAh Power Bank- Instructional Manual

Thank you and congratulations on your purchase of the Avido™ 8000mAh Backup Battery. To get the most of your new product, please read these instructions before use. Enjoy!

Product overview

1. 2.1A USB Output
2. ON Switch, Power Check, and LED Light button
3. LED status indicator / current charge level
4. Micro USB input port
5. LED Light
6. 1.0A USB Output

### Charging the Power Bank

1. Using the Micro-USB Cable, connect the Micro-USB connector to the Power Bank, and the Standard USB connector to a USB Power Source, such as a laptop computer or smartphone USB charger.

2. The LED's will illuminate indicating the current charge status. While charging the LED light will blink indicating the battery's current capacity.
3. When fully charged, all four LED lights will illuminate.

## **Charging Your Digital Devices**

1. To Power and Charge your device, connect the Standard USB connector to the either the 2.1A out or 1.0A out ports on the Power Bank, and other end to your device (Note: you may connect two devices at once).
2. Press the power bank's ON switch.
3. When the LED indicator is active, your device is now charging. The LED will continue to illuminate throughout the charge indicating the power bank's current battery level.
4. To turn off the power bank, simply disconnect the USB cable(s) or device(s), and the unit will automatically power down.

## **LED Light**

To activate the LED light, double tap the "ON" switch. To turn off, double tap the "ON" switch again.

## **Specifications**

Compatibility: Smartphones, Tablets, iPhone, iPad and other digital products  
Over charge, over discharge, over current, short-circuit & temperature protection

Input voltage: DC 5V

Output: DC 5V/ 2.1A, DC 5V/1.0A

Input: DC 5V/ 1A(Max)

Capacity: 8000mah

Cell type: Lithium Ion Polymer Battery

Cycle life: 500 times

Product weight: 238 grams

DC Charge: 3 to 4 hours

Product dimension: L153 x W74 x T 9.9mm

Operating temperature: -10C~+60C

Country of Manufacture: China

## **Safety Instructions**

Improper use of this product may result in product damage, excess heat, toxic fumes, fire or explosions, for which damages you (“Purchaser”), or (“Manufacturer”) are responsible.

- \* Do not store battery in high a temperature environment, including intense sunlight heat.

- \* Do not place battery in fire or other excessively hot environment.

Be cautious of excessive drops bumps, abrasions or other impacts to this battery.
