

SCOUT - INSTRUCTIONAL MANUAL

We would like to congratulate you on the purchase of your Avido SCOUT unit. We hope you enjoy this Avido product as much as we do. Please read this manual carefully before use. Enjoy!

Avido SCOUT Features:

Power Bank- Charge your USB devices using the built-in USB output.

Bluetooth Speaker- Connect to the All-In-One speaker using Bluetooth.

LED Flashlight- Bright LED flashlight just a tap away.

Handsfree Speakerphone- When connected via Bluetooth, use the built-in microphone for hassle free calls.

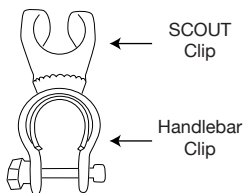

FM Radio- Listen to your favorite stations at the touch of a button.

Please note: Due to continuous improvements, the item pictured may differ slightly.

What's Included:

1. Avido SCOUT Unit
2. USB Cable
3. Bike / Handlebar Clip
4. Instructional Manual

Included is a rubber piece for the handlebar clip. Depending on the size of the handlebar, this piece may or may not be required for a secure fit.

Operating Instructions:

Power Bank:

To use the power bank, detach the LED flashlight by pushing down and out (see side label). Once detached, plug in your USB device, and hit the LED flashlight button. The LED indicator light will turn green to notify you of successful output power.

Audio Speaker:

Bluetooth Mode: Press and hold the Power button to turn on the speaker. When powered on, you will hear an audible tone.

Pairing Your Bluetooth Device: When powered on, you are ready to pair. On your Bluetooth device, find "Avido AIO" under your Bluetooth settings (Input "0000" if a password is required). A successful connection via Bluetooth will be followed by an audible notification.

Micro SD Card (TF Card Mode): Insert the Micro SD Card by detaching the LED flashlight. Once inserted, the unit will recognize the Micro SD Card and begin playing audio files.

LED Flashlight:

Tap the "Flashlight" button on the panel to turn on / off the LED light.

Handsfree Speakerphone:

The speakerphone function is enabled when your device is connected via Bluetooth. Tap the power button to answer a call. Press again to end the call. To decline a call without answering, press and hold the power button for 3 seconds. For the best conversation experience, turn the speaker so that the mic opening faces the user and keep the talking distance to the All-In-One unit within a short distance.

FM Radio:

To enter into FM Radio mode, double tap the power button. Tap the + button to advance to the next station, and tap the - button to go to the previous station. Note: The FM Radio signal works best when the USB cord is plugged in.

Charging:

Detach the LED flashlight. Using the included USB cable, connect one end of the USB cable to the All-In-One unit. Connect the other end to a USB power source such as a laptop computer or smartphone USB charger. An illuminated indicator light lets you know the unit is charging successfully.
